

UK Corporation Tax Gap Dashboard

Exploring which sectors and taxpayer types carry the greatest compliance risk.

What do these terms mean? (click to expand)

- ① Which sectors owe the most tax?
- ② Is the tax gap growing over time?
- ③ Who is responsible for the gap?

Is the Corporation Tax gap getting bigger?

Each line shows a different part of the tax gap story over time. The gross gap is the total missing tax. The net gap is what's left after HMRC recovers some. Compliance yield is what HMRC successfully chases down. Tick or untick lines to focus on what matters to you.
